DODGE REPORTS BIG SALES AT AUTO SHOW

Tendency of Buyers to Purchase Medium Priced Cars Is Shown

That the public has the money and an inclination to spend it is strikingly illustrated in the volume of business secured by the largest automobile dealer.

Nash Leads the World in Motor Car Value

EACH year has seen the belief that Nash Leads the World in Motor Car Value spreading further and further, until it represents, now, not a local preference but a national conviction that is expressing itself unmistakably in the growing annual volume of Nash sales, now exceeded by but seven other companies.

FOURS and SIXES
[Price range from \$975 to \$2,700, f. o. b. factory]

640 COMMONWEALTH AVENUE, BOSTON

COXACTS ON HYDE PARK 10- CENT FARE

Discusses Merger of Lines With Roads' Officials; to Consult With Curley

NEW YORK, March 16.—Fifteen fifty-bus lines of the United States, including the United States, are now in the United States government.

Under the existing situation, residents of Hyde Park are compelled to pay twenty cents for the trip, ten cents going to the Elevated, and ten cents to the Eastern Massachusetts, requiring the use of both systems to make the trip.

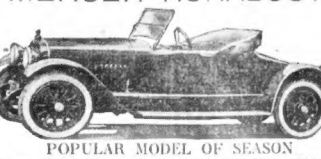

Last year a proposition was before the Legislature that the city of Boston should take over the lines of the Eastern Massachusetts road and lease them to the Elevated. Plans along the same line were discussed.

Representatives of the Eastern company said they were willing to turn over their line to the Elevated, provided proper compensation be given them, and they thought that the figure ought to be fixed by the court.

The trustees of the Elevated said they were not concerned over the manner in which the transfer might be made, but are greatly interested in the matter of an operating deficit, should the change be made.

It was suggested that the city of Boston be asked to assume any deficit which might arise, this being set out of taxation. Governor Cox said he would ask the views of Mr. Curley on the matter.

MERCER RUNABOUT

POPULAR MODEL OF SEASON

NASH DEALERS FINED BY ROCKWELL

Year of Keen Competition Is Predicted by C. B. Voorhis

The annual dinner of C. B. Rockwell, Inc., New England Nash distributors, was held last evening at the Copple House Hotel. The principal speakers of the evening were James J. Storow, C. B. Voorhis, president and director of sales, and C. P. Rockwell.

In talking to over 200 dealers present, Mr. Rockwell said: "One of the great things in the value of Nash products is represented in the growth of our business during the last year. Just twelve months ago, our last dealer meeting, we had in our organization fifty-nine separate dealer organizations. This year we are represented throughout New England by thirty-one dealers and 136 service station dealers."

REMARKABLE GROWTH. "In the year we have quadrupled our selling organization. The Nash Motor Company in the last five years has grown from twenty-four to eighty-eight in volume, having added many new cars."

"Last year Nash and five other manufacturing organizations built \$1 per cent. of all the cars made. The two controlling factors to this growth of their and the success of the Nash car and the splendid service you gentlemen have given Nash were."

"It is these two factors in our business that has built up for us the great good will of the buying public. We must continue to work to build that good will, and we must work even harder to keep it."

OUTLAYS POLICIES. The dealers were then told of the past policy of the Nash Motor Company and the policies of C. B. Voorhis, president and director of sales, in the future of the company.

"The past twelve months show our progress here has passed quickly. During that time we have taken a lot of our revenue from normal business conditions and we should all be well and happy, whether we have been waiting, drifting along or building up our business. We have not been disappointed. The Nash business has come to us with a rush."

"We are overjoyed at both our four and six-cylinder cars for the month of March, and from all indications we will be even more successful during April and May."

TWO PLANTS BUSY ON DURANT AUTOS. Production of Durant automobiles is now going forward in two plants of Durant Motors, Inc. The four-cylinder models are being turned out at the Long Island City factory at the rate of over 100 a day, while the six-cylinder cars are being made in Marquette, Mich. Chevrolet, Ford, and Packard, Canada, will reach the production stage within the next three months.

Sales amounting to seventy million dollars have been reported for delivery up to August 1, 1921. Durant Motors, Inc. This record is remarkable in view of the fact that the company was formed just about a year ago.

The Durant Buick includes seven models. The four-cylinder car is made in touring car, coupe and sedan models, while the Durant sedan is touring car, runabout, coupe and sedan.

The engine of the Durant Buick is valve-in-head designed by Durant engineers while the six is equipped with an Avonit power unit. Both types feature the tubular backbone for which Mr. Durant has applied for a patent. It is claimed for this new type of construction that it lessens strain on driving gears and prevents body squeaks and rattles.

MRS. CAMPBELL BRIDE OF MAINE DOCTOR. Washington, March 16.—Mrs. Cornelia Van Benschoten Campbell, daughter of the former Assistant Secretary of State, was married to Professor Daniel S. Stanswood of Bowdoin College, a member of the faculty, at Bowdoin College. The couple will spend two months in England.

When Jack Dempsey, world champion, was asked to marry, he said: "I want to marry a woman who is as strong as I am and who can take as much punishment as I can." He then married a woman who is as strong as he is and who can take as much punishment as he can.

When Jack Dempsey, world champion, was asked to marry, he said: "I want to marry a woman who is as strong as I am and who can take as much punishment as I can." He then married a woman who is as strong as he is and who can take as much punishment as he can.

When Jack Dempsey, world champion, was asked to marry, he said: "I want to marry a woman who is as strong as I am and who can take as much punishment as I can." He then married a woman who is as strong as he is and who can take as much punishment as he can.

GOVERNOR AT AUTO SHOW TONIGHT

Manager Campbell Makes Arrangements to Care for Immense Crowd

Tonight will be "Governor's Night" at the 27th annual Boston Automobile Show in Mechanics Building.

In past years the annual visit of the governor and his party has been greeted by an attendance for that day varying from 35,000 to 45,000, according to the weather. All records for daily attendance have been broken this year, and the most conservative estimate for tonight places the attendance at over 45,000.

Manager Chester J. Campbell has made every arrangement to care for the governor's party, and the crowd which will pack the five great halls of the building. Extra attendants have been added to the staff in the hall, and all police officers will be on hand. With ordinarily good weather, tonight promises to be the largest night the show has ever known.

The program of entertainment for Governor Cox and his council begins at the Copple House, where at 8:30 the State dignitaries will be guests of a banquet given by J. J. MacAlman, president of the Boston Automobile Dealers Association. There will be about fifteen in the gubernatorial party.

VELIE COMPANY IS SHOWING RAY BATTERY

Ray Batteries are being displayed in the Accessory Department, Space No. 609, which is a very prominent location.

The New England Velie Company, as distributors for New England, feel themselves very fortunate in securing a location in the Boston Show where all the public can readily see the Ray battery, and we are sure that show some of the superior points in the battery.

The Ray is equipped with the famous Lavier-Flores plates. It is the only battery made with an absolute, unqualified two-year guarantee. A guarantee of this kind probably could only safely be placed on a battery containing the Lavier-Flores plates, which are very much different from plates used in any other make of battery.

Maxwell Doors Lock. Little doors have been given attention in the closed cars of the past. Now the great Maxwell built with the sedan and coupes there are unguile little buttons on the inside door handles, which lock the doors at a touch, except the right front door which locks on the outside.

BAR

VET FINDS CADILLAC

HE DROVE IN FRANCE Recently a smart looking young fellow in civilian clothes stepped alongside the Cadillac army car of Colonel Reynolds of Camp 118, while the car was parked on a Nantux street. He looked over the car and particularly at a dent in the radiator. Finally he asked the chauffeur if he might look under the wheels. After doing so he gave an exclamation of pleasure. "It's the same old boy," he said. "There are very few left in the Argonne."

He was with the 34th Aero Squadron in France, and he certainly went through a tough time without a bit of trouble.

DORT PLANTS BUILD THEIR OWN BODIES

Dort bodies are built by the company.

many building the cars in one of the most modern plants for the purpose. This economy enables the company to introduce two new closed cars with permanent and easy bodies at less than one-third the average over open models.

Office Partitions
Our section office partitions are made of wire mesh and are available in a variety of colors and designs.

NOW DOUBTS
DR. PRINCE

Reluctant to Believe His Report That Mary Ellen Was the "Ghost"

By Associated Press.

HALLAM, N. H., March 16.—While Dr. Walter Franklin Prince, New York scientist and master of ghosts, is satisfied that entirely human and not supernatural agencies control the "ghost" phenomenon, it was learned today that residents near Hallam, N. H., are reluctant to accept his version of the 15-year-old case.

Dr. Prince, in a lengthy report, the fruit of a week's stay in the "haunted house" at Hallam, declared the adopted daughter of the old farmer to have been the author of the supposedly supernatural fire and pranks among the livestock which drove the family from the village in the dead of winter.

Scientists of Antigonish County are shaking their heads today, however, and placing their theories in their checks. They are seemingly loathe to relinquish so easily the insurance that attached to their action in the country so long as the village world was fascinated with tales of a bewitched house.

Russia Sends
War Threat
to Poland

Warsaw, March 16.—(By International News Service.)—War is threatened against Poland by Russia in a sharp note received here today from Moscow.

It was dispatched by George Tchitcherin, the commissar for Foreign Affairs in the Soviet government, and protests against raids over the Russian frontier by Polish irregulars.

A repetition of the raids would be considered cause for declaration of war by the Soviet government, the note said.

ASKS TOWN AID FOR POOR TROLLEY LINES

Unless relief is soon granted many of the interurban street rail lines in the State are going to be forced out of business and their places will be taken by busses and autos, Commissioner Everett E. Rogers of the State Department of Public Utilities told the legislative committee on Street Railways today.

Some favored a law to establish any city or town to contribute from its funds to the cost of operating a street railway line.

MISS DU PONT
WILLING TO
PLAY LEAD

Star of "Foolish Wives" Agrees to Appear With Von Stroheim Again

By FRANK DAVIS

Had Miss Du Pont, the foolish wife of "Foolish Wives," come to Boston at any other time than this she would have created no little stir.

As it is, however, Boston has had all the excitement of Hollywood during the past three days and the news of her visit is a little less about motion picture stars.

Miss Du Pont is not so much to be blamed for it, but she is.

Miss Du Pont is not so much to be blamed for it, but she is.

FORMER LEADER OF DAIL TO SPEAK HERE

Father O'Flannagan to Appear at Meeting in Support of De Valera

Rev. M. J. O'Flannagan, past president of the Irish League, now visiting in Boston, will be one of the speakers at the mass meeting in support of De Valera, President of the Irish Republic, to be held tomorrow night at Franklin Union Hall by Boston Irish society.

Another speaker will be Captain John Monahan, Ireland's "Mystery Man," who is to be the guest of honor and the chief speaker.

It was Captain Monahan who acted as instructor for the British Agents in the suppression of 1916, and who since then had been one of the most prominent officers in the fighting unit.

The mass meeting is being held to voice the hearty support of the Boston Irish against the treaty with Great Britain, creating the Irish Free State.

24 DEFECTS IN DEATH
THEATRE AT CAPITAL

Washington, March 15.—There were 24 defects contributing to the collapse of the Knickerbocker Theatre here on January 28, in which 92 lives were lost, according to a report to the House Committee today by the Washington chapter of the American Association of Engineers. Nine defects in the structure itself, and 15 violations of the district building code were charged. The contractor and the architect were blamed. Both are held for the grand jury.

KIDDIES SPEAK GAELIC

Daughters of Ireland's "Mystery Man" who find U. S. to their liking, but miss the familiar sound of their native speech

Patricia and Edna, daughters of Captain John Monahan, are said to be of the few children in this country who speak Gaelic as well as they speak English. Captain Monahan, Ireland's "Mystery man," will be the guest of honor and principal speaker at a mass meeting of supporters of an Irish Republic on St. Patrick's Day evening in Franklin Union Hall.

EXPECT 10,000 TO PARADE TOMORROW

Veterans Coming From All Parts of State for Evacuation Day Celebration

One hundred and forty-two years ago tomorrow the British evacuated Boston.

Tonight in the Municipal Building "Evacuation Day" will be held under the auspices of the South Boston Citizens' Association. Among prominent speakers will be Senator A. G. Stanley of Kentucky, Congressman James A. Gallivan, Mayor Curley and Sherman L. Whipple.

Among guests will be General Edwards and Logan and other military men who will take part in the Evacuation parade on the morning of the day. More than 10,000 men are expected to participate, including members of the American Legion. It will be headed by Chief Marshal Edward G. Linnott. It will pass through the important thoroughfares of South Boston.

In this will be the entire 1st Infantry, M. N. C., commanded by Colonel Thomas P. Foley, and other organizations, including thousands of veterans of the late war, as well as representatives of all the local points of the State and many com-

munities of high school cadets. A cash prize of \$50 has been offered the organization presenting the largest unit of men, excepting South Boston.

Following Grand Marshal Linnott in the line of march will be Chief of staff Frank J. Scott, commander of the Michael J. Perkins Post, American Legion, Captain Daniel J. Lynch, R. N. C. adjutant, and Lieutenant William J. McCarthy, aide-de-camp.

On the staff will also be General Edwards.

Of interest to the observer will be in the marching procession a combat company with four big tanks in operation.

For the accommodation of city employees taking part in the Evacuation Day exercises, Mayor Curley has ordered department heads to grant them a half-holiday without loss of pay.

And, in case you might forget, it is also St. Patrick's Day tomorrow.

will find it is not necessary to take it every day, nor to increase the dose, and that it is pleasant to the taste. Bottles can be had at all drug stores, and the cost is only about a cent a dose. Have no hesitancy giving it to a baby in arms. It is absolutely safe.

OPEN EVERY SATURDAY EVENING

THE FIRST SHOEMAKING SHOP IN NEW ENGLAND

Established at Danvers, Mass., on the estate where Gen. Putnam—“Old Pa,” of Revolutionary fame—was born. About the year 1750 master craftsmen began establishing shops like this, where they turned out an excellent quality of work. The shop at Danvers contains benches, tools and also several books, including a Bible. The American craftsmen in those days valued education quite as much as his successors do today.

Pity the neighborhood without its Good Shoe Repairman

MOST of us at some time or other have rushed into a shoe repairman's shop with a pair of shoes to be fixed up in a few hours.

Probably a dozen other people the same day in the same shop made the same request.

Emergency jobs—no wonder the shoe repairman's tradition is that of the great trouble man of the community!

Then take the time when rubber heels were coming on the market.

Give the shoe repairman full credit for being the true rubber heel missionary.

He gave you the chance to try out rubber heels on an old pair of shoes.

At first he used any type of rubber heel.

Then, with experience, standards of quality began to arise.

The United States Rubber Company applied a higher degree of science—the best word in rubber compounding—to rubber heel making, and brought out the U. S. Spring-Step Rubber Heel.

Made by the United States Rubber Company—growers, manufacturers, and distributors of rubber and its products—the oldest and largest rubber organization in the world.

Whether you personally specify U. S. Spring-Step Heels or not—you are likely to find them on your shoes if you have your work done by a good shoe repairman.

Give him credit again for this fresh evidence of his feeling of responsibility.

Probably a dozen other people also want their shoes the same day.

The only company in this country that grows its own rubber in any considerable quantity.

"U.S." SPRING-STEP
RUBBER HEELS

MAKERS OF UNITED STATES ROYAL CORD TIRES

IRISH FREE STATE'S VICE-PRESIDENT HERE

The Hon. Michael Collins, vice-president of the Irish Free State, arrived in Boston this morning for a visit to the city. He is expected to address the dinner of the Chamber of Commerce at 7 o'clock this evening. Collins is the first of the new government to visit the United States. He is accompanied by his wife and two children. They will be in the city for several days.

A CLEAR COMPLEXION

Ruddy Cheeks, Sparkling Eyes — Most Women Can Have

Says Dr. Edwards, a well-known authority on the subject of skin diseases, that a clear complexion is the result of good health and proper care of the skin. He advises women to use a simple skin cream and to avoid excessive exposure to the sun.

RED PEPPER HEAT STOPS BACKACHE

The heat of red pepper is said to be a powerful remedy for backache. It is believed to stimulate the blood and relax the muscles. Many people have found relief from their back pain by using a plaster or ointment containing red pepper.

Simple Way to Get Rid of Blackheads

There is a simple and effective way to get rid of blackheads. It involves the use of a special cream that dissolves the dirt and oil that clog the pores. The cream is applied to the affected area and then washed off with water.

FRECKLES

March Hides Out Tonight's Frost. How to Remove Freckles. Freckles are caused by an overproduction of melanin in the skin. They can be removed by using a special cream that fades the spots. The cream is applied to the affected area and then washed off with water.

QUIT CANDY TO AID DEVASTATED FRANCE

A campaign has been launched to encourage people to quit eating candy in order to help France. The campaign is based on the fact that France is in a state of economic crisis and needs to conserve its resources. By quitting candy, people can help to reduce the demand for foreign goods.

THOUSANDS HAVE FOUND RELIEF FROM RHEUMATISM

Thousands of people have found relief from rheumatism by using a special treatment. The treatment involves the use of a special cream that is applied to the affected area. The cream is believed to have anti-inflammatory properties that help to reduce the pain and swelling associated with rheumatism.

BELIEVE VOTE FAVORS COAL STRIKE

Officials Counting Ballots. Say Result by Percentage Only Will Be Published. An Associated Press report from Washington says that the results of the recent election on the coal strike are in. The vote was overwhelmingly in favor of the strike. The results will be published by percentage only.

Operators Will Answer Demands by I. P. C. Cut

By International News Service. New York, March 15.—(By wire) Operators of the I. P. C. Cut will answer the demands of the I. P. C. Cut. The operators are expected to make a statement regarding the cut and the reasons for it.

FR. CORRIGAN TO TALK ON "NEW IRELAND"

He will speak at the St. Patrick's Society. Fr. Corrigan will be speaking at the St. Patrick's Society on the subject of "New Ireland." He is expected to discuss the current situation in Ireland and the role of the church.

STUPID COMES OUT OF WAKEFIELD CELLAR

A man who had been in the cellar for several days was found. He was found by a neighbor who noticed a light in the cellar. The man was found to be a man who had been in the cellar for several days. He was found to be a man who had been in the cellar for several days.

CONNECTICUT COLLEGE LIMITS KNICKERWEAR

New London, Ct., March 15.—(By wire) The Connecticut College has limited the amount of knickerwear that can be worn on the campus. The college is concerned about the safety of the students and the appearance of the campus.

JAPANESE URGES U. S. TO MENTALLY DISARM

The Japanese government has urged the United States to mentally disarm. The government is concerned about the military buildup in the United States and believes that it is necessary to reduce the tension between the two countries.

Spain Levies Heavy Tax to Check U. S. Raid on Paintings

An ad valorem tax of 100 per cent. The Spanish government has levied a heavy tax on the import of paintings from the United States. The tax is intended to check the recent raid on Spanish paintings by American collectors.

YOUR TEAPOT

will demonstrate why "SALADA" TEA HAS NO EQUAL Largest sale in America. The way to stop rock with a teapot as to encourage the tea and drink it every day for tea.

RAYMOND'S

WONDER WHY?

Of course you all know this is purely an original store. The methods of buying, handling, piling on tables, or hanging on gasperacks so the people can help themselves and pay at the Desk, all is different and originated with the management of "Raymonds." Do you know that Washington Street is one of the longest streets in the world and there's no other store like Raymond's? Do you know our friends (some call them customers) lugged in here and left seven times as much money in 1921 as in 1915? WONDER WHY? Do you know this is the largest increase of any store in the country? WONDER WHY? Do you know Raymond's has the largest Men's Furnishing business in Boston? WONDER WHY? Do you know that one day last Fall, an ordinary Saturday at that, the people carried away 2232 pieces Clothing counting a complete suit, one piece? WONDER WHY? Do you know that the men, women, boys and children have bot more rubbers at Raymond's this winter than at any other store in N.E. and in my opinion, more than any other three or four stores? WONDER WHY? We know you know more Hats are bot at Raymond's than at any other individual store in the U. S. WONDER WHY? Do you know there is a reason for all this? CYPHERITOUT.

AMERICAN GIRL WINS "BETTER LONDON" PRIZE

WANT To Hear A Race Piece of News? Here goes. "Baby Car," the little speed boat in this picture, licked the tar out of the rival aero-boat in a trial race at Miami, Fla. (Internal)

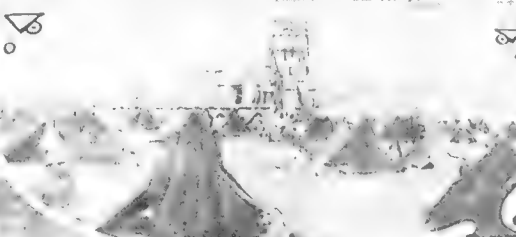

IT'S A SHIN LAME, AFTER ALL! These Japanese girls of Shima Island, Lake Biwa, Japan are asking the ladies of Beauty to provide for their future happiness. American girls prize for a good massage parlor. Different point of view, that's all. (Internal)

AWAY BLESS! This smart little "Blue Bird" hat was designed with a view to curing the blues. It is fashioned of a brilliantly embroidered blue scarf gracefully draped on corset straw. It's easy to be smart, ladies, with such easily copied fashion hints. (Underwood)

HO! HO! AND A BATTLE OF PERFORM! These bold, bad buccannera bucking all over the place are not Captain Kidd's great-grandchildren—but who would deny that each one of them isn't some kid? Don't get scared at their bloodthirsty goings on 'cause they're just buxom students at the University of California rehearsing for their Annual Show. (International)

MINING THEIR OWN BUSINESS! Cameron Highlanders under canvas right at the mouth of the mines near Johannesburg, South Africa, where the mine workers are up in arms against the troops. (International)

DOWN, BUT NOT OUT! Here is another remarkable "action picture" of a stepphese trooper, except that this one was a little more tragic. Jockey O'Neil broke his collarbone when he was thrown from Northbrook Crabrook at the Swindon Stepphese, Newbury, England. (Underwood)

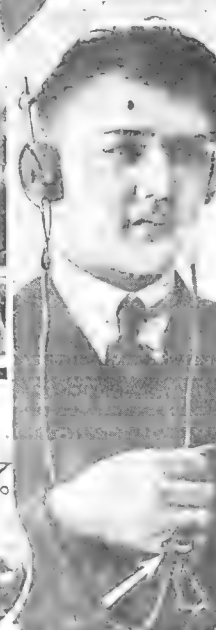

HEROES IN WAR TIME PESTS IN PEACE TIME

ANNA Tells The World! Anna Jo Harkins, Mrs. Auxiliary Legion member, was one of the leading paraders at Oakland, Cal., in the recent demonstration for a soldiers' bonus. With her is Paul L. Bohn, war hero. (International)

SWINGING INTO FAME! Miss Glenna Collett of Providence, R. I., is looking for new worlds to conquer after annexing the women's championship at Belair Heights, Fla., by defeating Mrs. Cath E. Fox of Philadelphia in the final round by 6 to 3. Shown making winning stroke. (Underwood)

CANDLE BURNS LOW! John McHenry, 22, murderer of store owner and detective, kissing his mother—good-bye. He must soon pay the penalty in Washington, D. C., by hanging. (International)

AFTER 12 YEARS OF ABSENCE the famous Passion Play of Oberammergau, Bavaria, will be revived. Photo shows Judas, played by Guido Mayr, receiving the pieces of silver from the high priest. (International)

ALICE YOUNG of Mishawaka, Ind., who won the ten-guinea prize offered by London magazine for last suggestions on how to make London the "meagret of the world." Each of her suggestions was based on American methods. (Underwood)

RINGING In On Every- thing! Alfred G. Rinehart, 19, boy inventor of Elmhurst, N. J., has built a tiny radio set into an ordinary ring. An ordinary umbrella is used as an aerial to receive. Instrument measures but one inch in length. (Underwood)

NO USE FOR SNOW TO BUCK THIS NEW SNOWPLOW! Breaking the trail in the Far North country each year is a problem. In Alaska, for instance, every type of plow has been used with varying success. This new rotary plow, the only one of its kind in the world, will be used for breaking trail in Alaska. The inventor has lived in the North country since 1900 and knows the problems incident in keeping the trails open for delivery of mail and supplies. (International)

IN DEATH A HERO, AS IN LIFE A FRIEND! A brooding solitude marks this lonely spot, the last resting place of Sir Ernest Shackleton, the Antarctic explorer, at South Georgia, which is the farthest south in the Antarctic Circle and the most inhabited of all communities there. The explorer's body was removed to this settlement from Montevideo, Uruguay, on a whaler. (International)

CHILDREN LOSE LIVES AT FIRE IN DETROIT

Mother Is Near Death After Brave Attempt to Rescue Her Daughter

A fire in a tenement house in Detroit last night resulted in the death of two children and the serious injury of their mother. The fire broke out in the basement of the building, which was a tenement house, and spread rapidly to the upper floors. The mother, who was near death, made a brave attempt to rescue her daughter, but was unable to do so. The fire was caused by a gas stove in the basement.

MEDBURY

Says if You Don't Know What Operations Are in Style Go to a First Class Hospital and They'll Give You Whatever's Up to Date

Dr. Medbury, who is a specialist in the treatment of the eye, has just returned from a tour of the United States. He has seen the latest operations and has brought back with him the latest methods of treatment. He says that if you don't know what operations are in style, you should go to a first class hospital and they will give you whatever is up to date.

RAND STRIKERS QUIET, REVOLT COLLAPSES

Workers Willing to Return to Their Jobs in Great Mine Fields

The Rand miners, who have been on strike for several weeks, have now agreed to return to work. The strike was caused by a dispute over wages and working conditions. The miners have now agreed to a new contract which provides for higher wages and better working conditions. The strike is now over.

Petting and Kissing O. K. if Chaperoned, Doctor Declares

Before the State Health Conference

A doctor has declared that petting and kissing are O. K. if they are chaperoned. He made this statement at a conference of the State Health Conference. The doctor said that these activities are not harmful if they are done in a proper manner and in the presence of a chaperone.

NEW CONCLAVE LAW ON CHOICE OF POPE GIVEN

Eighteen Days May Emerge Before Session by Change Decreed at Vatican

The Vatican has decreed that the election of a new pope will now take place within eighteen days of the death of the previous pope. This is a change from the previous rule, which allowed for a longer period of time. The new rule was decreed at a meeting of the Vatican Council.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Mrs. Sherman, who has been suffering from various ailments for many years, has now found relief. She has been helped by Lydia E. Pinkham's Vegetable Compound. She writes that she has been able to do her daily work and is now feeling much better. She has been able to eat and sleep well, and her general health has improved.

Your weekly wash—snowier than ever

SNOWY bed-spreads, sheets and pillow cases. Table cloths and napkins immaculately white, and plenty of clean clothes for all the family.
How proud you are of your freshly laundered things, but what endless rubbing it meant before you used this entirely new kind of soap!

An hour's soaking in Rinso suds does more than all the soaking with ordinary soap and all the hard rubbing you used to do. When you take your clothes out of Rinso suds, you find only a few pieces that need any rubbing at all. A little dry Rinso rubbed on these gets them clean as can be, and not a thread is weakened.

Rinso is the great soap maker's answer to women who want a soap to do the family wash as easily and wonderfully as Lux does fine things. Rinso is sold everywhere. It comes in two sizes—the regular size and the big new package. Get Rinso today—at grocery and department stores. Lever Bros. Co., Cambridge, Mass.

Use enough Rinso to get the big lasting suds that gently loosen all the dirt
